Orion look down
Look down here please
Tell me how much
How much will it cost me
What kind of coin
What pretty pretty penny
Tell me how long
How long will my trial be
How long will it be?

Pollux and Castor
Old twin brothers
Tell me if he's
If he's just like all the others
Without the words
That others have heard
Tell me how long
How long will my trial be
How long will it be?

Seven sisters
I want you to say
What will the price be
And just what will I pay
Tell me how soon
In what empty room
Tell me, tell me how long
How long will my trial be
How long will it be?

Orion look down
Look down here please
Tell me how much
How much will it cost me
What kind of coin
What pretty pretty penny
Tell me, tell me how long
How long will my trial be
How long will it be?
