Tell me just one more time the reasons why you must
leave

Tell me once more why you're sure you don't need me
Tell me again but don't think that you'll convince me

You said, before falling in love again you'd rather be
dead

When someone breaks your heart you cry your eyes
red

There's nothing so hard about the life that you've led

As far as I can see there's no reason for goodbye
You're just running scared and that's something I won't
buy

So you lose
I won't let you go with nothing to show but more blues
All this talk about leaving is strictly bad news
So you settle down and stay with the girl that loves you

As far as I can see there's no reason for goodbye
You're just running scared and that's something I won't
buy

So you lose
I won't let you go with nothing to show but more blues
All this talk about leaving is strictly bad news
So you settle down and stay with the girl that loves you
You settle down and stay with the girl that loves you
