When you see him  
Tell him things are slow  
There's a reason and he's sure to know  
But on second thought, forget it  
Just tell him I said hello

If he asks you when I come and go  
Say I stay home 'cause I miss him so  
But on second thought, forget it  
Just tell him I said hello

Look into his eyes  
When you speak my name  
Maybe there's a spark to start another flame  
Do I love him?  
Don't say yes or no  
If he should ask you  
But he won't I know  
Cause it's all over and forgotten  
Just tell him I said hello

Look into his eyes  
When you speak my name  
Maybe there's a spark to start another flame  
Do I love him?  
Don't say yes or no  
If he should ask you  
But he won't I know  
Cause it's all over and forgotten  
Just tell him I said hello
