Invite your friends invite your coworkers  
invite vets and coast guard deserters  
invite the haves and the have-nots  
now's the time to take stock in what we got  
click n click n clack goes the train on the track  
we got to get them all here before we hit the sack  
everybody's bothered -- everybody's hot  
got a party in the parking lot  
we got a soiree  
we've got a wing ding  
we've got a party  
we've got reason to sing  
nicholas the second and elvis presley too  
have a barbra streisand drag queen with a fu manchu  
andy rooney's smokin up in a shack  
while sonny and cher are making out in back  
mr. furley says "too loud -- get them out!"  
but this is what a party's supposed to be about

we've got to mosey somewhere before the party's shot  
got a party in the parking lot  
[chorus]  
we've got 6 pack party favors  
cocktail weenies in a dozen flavors  
keys in the front yard -- dancing in the back  
i'll take a parking lot to any old love shack  
now there's just a few of us -- and the garbage  
got nothing to eat except some mustard in the fridge  
everybody's passed out there's hardly a sound  
except the drunken shriner who's still dancing around  
my sister left with the band around three a.m.  
i've got a migraine from my eyes to my brain stem  
hope our guests liked it, hope they liked lots  
gotta party in the parking lot
