

China Crisis "Always"

Visit "[Always](#)" on MotoLyrics.com

You do you
do for me
like no-one else
no-one else can
do for me
only for me
nobody else
no other man

Stop wait a minute
while I lay down and give in
deep down deep
down inside, down inside
always, in many ways
making waves, better days

Deep down deep
down inside

there's noplac else
I'd rather be
no place else
in this world
I'd rather be
you do for me

Stop wait a minute
while I lay down and give in
deep down deep
down inside, down inside

Jealousy and hate
reside inside of me
all they do is hate
and break us in two
