

China Crisis

"Hard to Be Around"

Visit "[Hard to Be Around](#)" on MotoLyrics.com

You don't know how
you don't know how good it can be
in the cold
in the cold light of day
you don't know
and you don't care
you don't want no
together again

Hard to be around
hard for me to care

Trouble will get you down

trouble will get you down again and again
you don't know why
you don't know why, where or when

Hard to be around
hard for me to care

You don't know how
you don't know how good it can be
you don't want no
together again
