Somewhere out there, beneath the pale moon light  
Someone's thinking of me, and loving me tonight

Somewhere out there, someone's saying a prayer  
That we'll find one another, in that big somewhere out there

And even though I know how very far apart we are  
It helps to think we might be wishing, on the same bright star

And when the night wind starts to sing a lonesome lullaby  
It helps to think we're sleeping, underneath the same big sky

Somewhere out there, if love can see us through  
Then we'll be together, somewhere out there  
Out where dreams come true

And even though I know how very far apart we are  
It helps to think we might be wishing on the same bright star

And when the night wind starts to sing a lonesome lullaby  
It helps to think we're sleeping, underneath the same big sky

Somewhere out there, if love can see us through  
Then we'll be together, somewhere out there  
Out where dreams come true
