Pounding heart on a Saturday night
Sneaking peeks down my velvet skirt
Cutie talk not to witty or bright
But your beauty was the kind that could hurt

L could tell from the look in your eyes
L was triggering your insanity
L just knew I could see it
That I would lose you

That I will lose u
That I will lose you right from the start
That I will lose u
That I will lose you right from the start

Blushing cheeks and kisses so sweet
And that song on the radio
Getting wet from the steam and the heat
L was dripping from my head to my feet

Made a stop at the end of the road
Closed my eyes took a final breath
Right there and then I just knew it
That I would lose you

That I will lose u
That I will lose you right from the start
That I will lose u
That I will lose you right from the start
That I will lose u

Flowers and the seeds are flying
Mama come get me I'm dying
Am I in heaven Ooh
Am I in heaven Ooh
Am I in heaven Ooh
Am I in heaven Ooh

That I will lose u
That I will lose you right from the start
That I will lose u
That I will lose you right from the start

That I will lose u
That I will lose u
That I will lose you right from the start
That I will lose you right from the start
That I will lose u
