Ah, ah, ah, ah (laughs) ah, ah, ah, ah

From the very first day that I looked in your eyes
I know you were the one
I was gonna be falling for
Had me so hypnotized
And just like a loaded gun
You shot my heart and I hit the floor

You never said, you had a girlfriend
When you were all in my face and all in my bed - No!
I can't believe, this whole time you'd been together
I need him above but I can't let go 'cause...

Love sux! When the one that you want, really don't
wan't you back
(Don't, don't, don't want you back, back)
Love sux! When he says you're the one, but he don't
call you back
(Don't, don't, don't call you back, back)

Love sux - ah, ah
Love sux - ah, ah

I, I, I, - I know I should be mad, but - damn - I want you
more
I just can't help myself
I really wanna make you mine
I should take it back to you and lock up the door
But that would taste like hell
I couldn't leave even if I tried

You never said, you had a girlfriend
When you were all in my face and all in my bed - No!
I can't believe, this whole time you'd been together
I need him above but I can't let go 'cause...

Love sux! When the one that you want, really don't
wan't you back
(Don't, don't, don't want you back, back)
Love sux! When he says you're the one, but he don't
call you back

(Don't, don't, don't call you back, back)

Love sux - ah, ah
Love sux - ah, ah (oh)
Love sux - ah, ah
Love sux - ah, oh...

It's a shame, but you're addicted to someone that can't
be yours
If another you would take it, would you push it from
before?
'Cause it ain't respect - No!
From the very first touch - No!
I never knew this is what you would do
Can't you see that love sux!

Love sux! When the one that you want, really don't
wan't you back
(Don't, don't, don't want you back, back)
Love sux! When he says you're the one, but he don't
call you back
(Don't, don't, don't call you back, back)

(Love sux! When the one that you want, really don't
wan't you back)
It's a shame, but you're addicted to someone that can't
be yours
(Don't, don't, don't want you back, back)

(Love sux! When he says you're the one but he don't
call you back)
If another you would take it would you push it from
before?
(Don't, don't, don't call you back, back)
Love sux!

Love sux, ah
Love sux, ah (oh)
Love sux, ah
Love sux (Love sux!)
Love sux, ah
Love sux, ah (oh)
Love sux, ah
Love sux (Love sux!)
Love sux
