If there's anything I can do just tell me I'll be there
I need someone to help me, start breathing in clean air

Sick of feeling cloudy and not having any clues
If you want to tell me, if there's something I can do
Sick of feeling lonely, and not having any clues
If you want to tell me, if there's something I can do, do

I think you're fuckin' crazy just staring into space
But that's the price you've got to pay for losing the big
race
Didn't need to line up, but you took your starting blocks
Couldn't stand there quiet, when your mouth is spitting
rocks
Didn't need to line up, but you took your starting blocks
Couldn't stand there quiet, when your mouth is spitting
rocks

And I'll help you sort it out, the very best I can
Throw out all your nightmares, put you on cloud 9
The only thing you have to do is make sure you got a
mind, a mind

And I'll help you sort it out, the very best I can
Throw out all your nightmares, put you on cloud 9
The only thing you have to do is make sure you got a
mind, a mind

And I'll help you sort it out, the very best I can
Throw out all your nightmares, put you on cloud 9
The only thing you have to do is make sure you got a
mind, a mind
