Aagh no, what do you think I'll do now?
In front of me, right in my face
You just tore it up and threw it out

I know, that you wasted time on me
I wasn't blessed with social graces then
So you'll have to rely on honesty

Thinking back has left me one thing
Knowing I wouldn't want a time machine
it's better keeping all my dreams in
Than seeing how it really reads
I've got cool rain running in
I've got fools rain coming in
You've got no shame from where you've been
You must have scrubbed all night to get that clean

Biting, so what am I supposed to do now?
Just quietly sit and watch you gnaw your way through
our insanity

You don't listen to a word I say

You're too busy remembering the broken promise
That lies so many years away

Looking back has left me one thing
Knowing I wouldn't want a time machine
it's better keeping all my dreams in
Than seeing how it really reads
I've got cool rain running in
I've got fools rain coming in
You've got no shame from where you've been
You must have scrubbed all night to get that clean

I've got cool rain running in
I've got fools rain coming in
I've got cool rain running in
I've got fools rain coming in

Aagh no, what do you think I'll do now?
I know, that you wasted time on me

Biting, so what am I supposed to do now?
You don't listen to a word I say
