I found my box of letters, lyin' on the ground  
The ones you used to write me, before it all went down  
I even got a paper cut, tryin' to figure out  
What to do with all these memories?

And you're not who you used to be  
And I wonder where you're gone?

Have you fallen in a black hole?  
Tumblin' as a universe of missin' stuff  
What happened to the good times?  
What happened to the moments where we had so  
much?

Where's the love?  
Where's the love?

Remember all those hours, laughing on the floor  
Those days ain't doin' nothing feel like nothing did  
before  
I don't need those sneakers or that money after all  
I'll trade them for an old message, you've called

'Cuz it's not how we used to feel  
And I wonder what went wrong

Have you fallen in a black hole?  
Tumblin' as a universe of missin' stuff  
What happened to the good times?  
What happened to the moments where we felt so  
much?

Where's the love?  
I wanna go there  
And I wanna know where  
Everything that meant something to me is all

I found a box of letters, used to make me smile  
But now I feel so lonely

Have you fallen in a black hole?  
Tumblin' as a universe of missin' stuff

What happened to the good times?  
What happened to the moments where we had so  
much?

A black hole  
Tumblin' as a universe of missin' stuff  
What happened to the good times?  
What happened to the moments, the moments where  
we had so much?

Where's the love?  
Where's the love?  
Where's the love?  
Where's the love?  
Where's the love?

Has he fallen in a black hole?  
Has he fallen in a black hole?  
Has he fallen in a black hole?
