It's lonely sometimes in the fast lane
People come and go like rain
And I look around for a hand to hold
But there's no one here today
Everyone has gone away
And left me in the fray

So don't wish upon a star
'cause a star can only get you so far
And it doesn't matter who you are
'cause the sky looks better from the ground anyway
You never know what you've got
And even if you do it don't mean it's gonna stay
Tomorrow is another day
You only live once and I'm living for today
I'm living for today

So I drive around this superficial town
With a smile on my face
No one really knows how I feel inside
And I'm keepin it that way
It's my story to replay
And the fast lane's where I wanna stay

So don't wish upon a star
'cause a star can only get you so far
And it doesn't matter who you are
'cause the sky looks better from the ground anyway
You never know what you've got
And even if you do it don't mean it's gonna stay
Tomorrow is another day
You only live once and I'm living for today
I'm living for today

I can't find my sanity
I'm about to lose my mind
And why I can't find my sanity
Well I want to lose my mind

La La La La
La La La
La La La La X2

And if only I could show you that nobody's gonna bring
me down
SING IT!

So don't wish upon a star
'cause a star can only get you so far
And it doesn't matter who you are
'cause the sky looks better from the ground anyway
You never know what you've got
And even if you do it don't mean it's gonna stay
Tomorrow is another day
You only live once and I'm living for today
