I never walked on water never saw
A reason to be going out that far
I never found a star that made a wish
But now the sky is listening to my heart

They can break me
Make me
If they want they can chase me
Love me
Hate me
I don't care anymore

Til' you
I was nothing but lonely nights
There was nothing but sad goodbyes
For me to fall through
Come true
My dreams are awakening
Somebody is making me
The only one in the room
What nobody could do
Nobody til' you
Nobody til' you

And the more you talk the less I fear
No matter what you say
We're still on the same hemisphere
And there's comfort in just knowing that
Wherever I go a part of me is
Staying here with you

So take me
Shake me
If you want you can chase me
Love me
For me
And stay away from the door

Til' you
I was nothing but lonely nights
There was nothing but sad goodbyes
For me to fall through

Come true
My dreams are awakening
Somebody is making me
The only one in the room
What nobody could do
Nobody til' you

What kind of world would it be
If you ever went away
Oh, and I, I can't go back to what I had
Cause it will never be the same

Til' you
I was nothing but lonely nights
There was nothing but sad goodbyes
For me to fall through
Come true
My dreams are awakening
Somebody is making me
The only one in the room
What nobody could do
Nobody til' you
I was nothing but lonely nights
There was nothing but sad goodbyes
For me to fall through
Come true
I'm awakening
You're shaking me
Nobody knew what to do
Nobody til', nobody til' you
There were lonely nights
Til' you
There were sad goodbyes
Come true
I'm awakening
You're shaking me
Nobody knew what to do
Nobody til', nobody til' you
