Baby take Ur coat off and Ur shoes and just relax
Let Ur body sink into these arms that's where it's at
I'll open up a bottle and slip into something else
I hope tonight's the night that all these walls are gonna
melt
'Cause when we're out U sending me mixed signals all
the time
U want me but U don't just wanna lay it on the line
So baby here's Ur ultimatum are U in or out?
All U have to do is wanna turn this all around and

Stay
Cause I can't go on like this another day
U consume my every wakin moment
I need U here by my side
I don't wanna be without U so make up Ur mind
Baby just stay, U consume my every wakin moment
Stay, U consume my every wakin moment

Oh when U look at me that way I lose myself control
I see Ur lips are moving what U're saying I don't know
I think about the moment when Ur skin is touching mine
And lately that's the thought that's keeping me up
every night
I want U bad and I am not afraid to say it
When U look like that it's hard for me to take it
Oh U make me feel alive and it's something I can't hide
We could be so right, night after night

If U stay
Cause I can't go on like this another day
U consume my every wakin moment
I need U here by my side
I don't wanna be without U so make up Ur mind
Baby just Stay, U consume my every waking moment
Stay, U consume my every waking moment

Baby come closer, lets get this over
And stop pretending this is not the place U wanted to
be

I need U to stay
Cause I can't go on like this another day
U consume my every wakin moment
I need U here by my side
I don't wanna be without U so make up Ur mind
Baby just Stay, U consume my every waking moment
Stay, U consume my every waking moment
Stay, U consume my every waking moment
Stay, U consume my every waking moment
Stay, U consume my every waking moment
Stay, U consume my every waking moment
