There's a good kind of pain
And insane kinda sane
When I'm around you
When I'm around you

There a chill in the heat
Feel the sky at my feet 'cause I adore you
I can't ignore you. yea

[Chorus:]
I'm not I'll I don't need to
Take a pill to fix what you do
Cure can't come through
'cause baby all I do is suffer from
The symptoms of you

There is a left kinda right
There is a blind kinda sight
Looking at you
Looking at you
There is no light in the moon and it's winter in June
When I'm without you
When I'm without you
I'm not I'll I don't need to
Take a pill to fix what you do
Cure can't come through
'cause baby all I do is suffer from
The symptoms of you
And it trips me off my feet
I think I'm falling in too deep
Do you feel it too

[Chorus]
I'm not I'll I don't need to
Take a pill to fix what you do
Cure can't come through
'cause baby all I do is suffer from

I'm not I'll I don't need to
Take a pill to fix what you do
Cure can't come through
'cause baby all I do is suffer from

The symptoms of you
