There's a good kind of pain  
And insane kinda sane  
When I'm around you  
When I'm around you

There's a chill in the heat  
Feel the sky at my feet  
'Cuz I adore you  
I cant ignore you

I'm not ill I don't need to  
Take a pill to fix what you do  
Cure can come through  
'Cuz baby all I do is suffer from  
The symptoms of you

There's a left kinda right  
There's a blind kinda sight  
Looking at you  
Looking at you

And there's no light in the moon  
And it's winter in June  
When I'm without you  
When I'm without you, yeah

I'm not ill I don't need to  
Take a pill to fix what you do  
Cure can come through  
'Cuz baby all I do is suffer from  
The symptoms of you

And it trips me off my feet  
I think I'm falling in too deep  
Do you feel it too

I'm not ill I don't need to  
Take a pill to fix what you do  
Cure can come through  
'Cuz baby all I do is suffer from  
The symptoms of you

I'm not ill and I don't need to  
Take a pill to fix what you do  
Cure can come through  
'Cuz baby all I do is suffer from  
The symptoms of you

La, la, la  
La, la, la  
La, la, la
