It's an amazing high
That starts my heart racing
I was on till I see you walk by
The panic is gone
Our love won't lead us on

I thought I saw
You lookin' back
Down the hall,
It was hard to tell
Your eyes were dark, but
I could feel you holdin' on
Just like I'm holding on

Right on time
Your eyes in mine

But we have to wait, don't we?
'Cause some people don't see

It's an amazing high
That starts my heart racing
I was on till I see you walk by
The panic is gone
Our love won't lead us on

I thought I heard you call my name
Like a dream that leaves you
Wondering what is real and
There you were
With a smile that said
"you're with me now and always
Here together, night and day"

And we can wait, can't we?
'cause love's not due by the sea

It's an amazing high
That starts my heart racing
I was on till I see you walk by
The panic is gone
Our love won't lead us on

Oh, yeah

And you know, when you're near me
I feel it contour
To get what we make an 'awesome'

And i don't care what they say,
What they think they see
'cause this is me
Yeah, you and me

Oh, alright

[Instrumental]

It's an amazing high
That starts my heart racing
I was on till I see you walk by
The panic is gone
Our love won't lead us on
No, our love won't lead us on

It's an amazing high
That starts my heart racing
I was on till I see you walk by
The panic is gone
Our love won't lead us on
