Dreams like this make me feel so fine  
I'm wishin' on a star, yeah, a star, that's what you are

I wanna tell you something  
Don't know what you might think but  
I sure miss sleeping  
And I'm not gonna get a wink until I say it  
Lie awake wishing you were in my arms

Dreams like this make me feel so fine  
I'm rolling down the road, down the road that you rock  
me on, baby  
(Must be love or something deep and divine)  
I'm wishing on a star, yeah a star, that's what you are

I miss you, baby, you know  
And of all the things that could be  
We're not standing where we should be  
When the stars align and cupid shoots his arrow  
So here I'll be waiting until you are mine

Dreams like this, baby, stop the time  
I'm glowing like the moon, like the moon through your  
window  
'Cuz it must be love or something deep and divine  
I'm tryin' to keep it all, keep it all together, yeah

But everywhere I go, everything I do  
I'll take you with me, I'll take you with me, baby  
You're on my mind all the time, all the time  
Here I'll be waiting until you are mine

Dreams like this make me feel so fine  
I'm rolling down the road, down the road that you rock  
me on, baby  
(Must be love or something deep and divine)  
I'm wishin' on a star, yeah, a star, that's what you are

Dreams like this, baby, stop the time  
I'm glowing like the moon, like the moon, don't you  
know?  
Don't you know, it must be love or something deep and

divine?

I'm tryin' to keep it all, keep it all together, yeah

Dreams like this make me feel so fine

And don't you know that it must be love or something  
deep and divine?
