I hate the world
This beautiful world
I hate it all today

Tomorrow
Will be the same
Nothing will change

I don't understand
What is going on
My reflection's talking to me

She's laughing out loud
I'm gasping for air
She's watching me drown
Through the mirror
With a smile on her face
She's watching me scream
While I'm breaking down
Through the mirror

Shivering
And all alone
No one knows me

I need
To wear more skin
To keep the truth within

I don't understand
What is going on
My reflection's talking to me

She's laughing out loud
I'm gasping for air
She's watching me drown
Through the mirror
With a smile on her face
She's watching me scream
While I'm breaking down
Through the mirror

And if they believe
Everything they see
Maybe they'll leave me alone

She's laughing out loud
I'm gasping for air
She's watching me drown
Through the mirror
With a smile on her face
She's watching me scream
While I'm breaking down
Through the mirror

I hate the world
This beautiful world
So take it all away
