Sliding down upon the slide
To see what beauty remains
When we get to the other side
Maybe then we'll make amends

It's the end of time
The end of time
Can you feel it?
Can you feel it?
It's the end of the line
It's the end of time

Swing low sweet chariot
Give us back our youth
When they finally come to bury us
Maybe then we'll tell the truth

It's the end of time
The end of time
Can you feel it?
Can you feel it?
It's the end of the line
It's the end of time

Always keep me in your heart
Even though I may be dead and gone
And though we may be far apart
My love for you is strong

It's the end of time
The end of time
Can you feel it?
Can you feel it?
It's the end of the line
It's the end of time

End, end of time
The end, end of time
