Written by Lindsey Buckingham.

Living in exile ainæŠ° the way to go
ItæŠ° just another way of dying
A whole lot of faces that you call your own
All those faces are crying

You either run or you hide
Now you slip now you slide
You say you will, but you wonæŠ°
You either do or you donæŠ°

Living in exile, just gotta let it go
You know that itæŠ° true
Just like a little child, youæŠ°e got to crawl away
ItæŠ° the last chance for you

You either run or you hide
Now you slip now you slide
You say you will, but you wonæŠ°
You either do or you donæŠ°

SomebodyæŠ° go to see this through
All the world is laughing at you
SomebodyæŠ° got to sacrifice
If this whole thingæŠ° gonna turn out right

You either run or you hide
Now you slip now you slide
Now you will, now you wonæŠ°
You either do or you donæŠ°
