I'm listening to the latest news, I can't believe it's
True
The spokesman told and it will be, they fight for holy
War

15 minutes time to go or for their last show
This would be the end of all. The devil's leave the
Hall

The stars will fall from the sky. The sun will never
Rise
The deepest night will reach the throne after rockets
Proclaim the war

The preachers told it years before, the generals
Blinding the masses
Their hail their bombs and their saints, the nuclear
Power that's their force

Holy evil fighting force

The war machine is coming
For their power and the glory
This should be the right time
And the place, where it will be
The war machine is coming
For their money and their blood
Cause peace is now falling
And death ruled on earth like God

I saw them clean this planet now with fire and their
Force
To create their holy human kind only under their
Control

I woke up in a panic dread thank god, it was a dream
Cold sweat is running down my neck. The TV
spokesman
Tells about

The first nuclear attack

The war machine is coming
For their power and the glory
This should be the right time
And the place, where it will be
The war machine is coming
For their money and their blood
Cause peace is now falling
And death ruled on earth like God
