There are boys that i know who are mean as hell
They keep to themselves and it's just as well
They've got bad cars and they've got cool chicks
Greased up hair, man they look real slick
DIME STORE HOODS
They cruise the alleys
Stay out of sight
They drink all day and they fight all nite
Switchblade knives and cool tattoos,
Pompadours and rockabilly shoes
DIME STORE HOODS
Street by street
Block by block
Taking it all back
Dime store hoods
ATR crew
We'll turn the tide
Counterattack
West coast teenage fuckups
100's strong and here to stay
The youth are taking over and we're gonna start today
DIME STORE HOODS
