Ain't nothing working, ain't nothing right
There's a whole in me, that I can't fill, no matter how
hard I try
Hey, hey, hey bartender, hit me with a double
And introduce me to that girl with the bobble
I'm looking for trouble tonight
No momma don't trust me tonight
You be the center baby, I'll be the quarter back
High get the tail back, watchin all the play back
Jaw smash, now heating now rambo
Up in the hands all, biting on the cannibal
I just want your company
I want you to comfort me, just come with me
Hey bartender, hit me with another
I'm just about how to kill this brother
I'm lookin for trouble tonight
No momma don't trust me tonight
You be the beauty baby, I'll be the beast
Who give a fucker, take it to the bedroom
Take it to the streets, take it like a man
Mother fucker, yo bitch chose me, mother fucker
I just want your company
I want you to comfort me, just come with me
I just want your company
I want you to comfort me, just come with me
Take me there, take me with you
I can't be alone tonight
I can't trust myself tonight
I can't trust myself tonight
Ladies don't trust me tonight
Take me there, take me with you
I can't be alone tonight
I can't trust myself tonight
I can't trust myself tonight
No you can't trust me tonight
Ain't nothing working, ain't nothing right
There's a whole in me, that I can't fill, no matter how
hard I try
There ain't nothing sweeter, there ain't nothing wrong
All the pain that I've received keeps me strong,
It keeps me moving on

I just want your company,
I want you to comfort me,
Just come with
