[Originally by Madness & M. Barson]

my girl's mad at me. i didn't want to see a film tonight. i
found it hard to say. she thought i had enough of her.
why can't she see? she's lovely to me. but i'd like to
stay in and watch tv on my own, every now and then.
my girl's mad at me. been on the telephone for an
hour. we hardly said a word. i tried and tried but i can
not be heard. why can't i explain? why do i feel this
pain? cause everything i say, she doesn't understand.
she doesn't realize. she takes it all the wrong ways. my
girl's mad at me. we argued just the other night. i
thought we got it straight. we talked and talked until we
got it light. i thought we agreed. i thought we talked it
out. now when i try to speak she says i don't care, she
says i'm unaware, and now she says i'm weak.
