"The Morning After"

Caught up against the war again
Time to chill in the bar again
Never cease to amaze in minds
So I just sleep sleep sleep please don't

Wake me till the morning after
Wake me till the morning after

Cut my peace by the flower again
Lick my wounds like a dove again
Is that a light at the end of the tunnel
That I see I see please let it be but don't

Wake me till the morning after
Wake me till the morning after
Wake me till the morning after

Oh I'm so tired there has got to be an end
To the pain I feel when I'm
Awake and alive alive alive
Alive and not dreamin'

Caught up against the war again
Time to chill in the bar again
Is that a light at the end of the tunnel
That I see I see please let it be but don't

Wake me till the morning after
Wake me till the morning after
Wake me till the morning after

Oh I'm so tired there has got to be an end
To the pain I feel when I'm
Awake and alive alive alive
Alive and not dreamin'
