The diamonds in my ears gave my ass a brain

Your girl show me her cochiflas

Cause i sagged my pants like cantiflas

For instance

Your girl she called me long distance

All the way to mexico, man shes precistance

When she met me i was rollin in a donkey

Two days later she was giving me the monkey

You know her chango

I left IT real guango

I hit a branco

In my homeboys branco

Intill this day, Im still her Sancho

She use to beg me to just make her mango

But i got azco
Instead she gave me casCo
I hit it on the pizo
Gave your girl the chorizo
Go up out the shower and she cooked me a gizo
The more leather story its you just a little weasle

When you see me swangin pain
Just chunka la duece
If you see my piece of chain
They say apaga la luz
Apaga la luz (ouch)
Just apaga la luz
Chingo Bling's Chinese, just chunka la duce (just apaga
la luz)
Chingo Bling the freestyle king (apaga la luz, apaga la
luz)
And im dones (and im dones)

Los Mero Mes Part Two's, Biatch
I said to my sister, Biatch
Too much diamonds(Biatch), too many viejas, too

Stop bootleggin my chit culeros
Holdd hollda hold on
Esperate chile, esperate chile
You know what, cut the beat
This is Chingo Bling
I need to talk to you little jealous haters
You little putos, okay
You little haters and jealous cause i got more platinum
and diamonds
In my grill than you, okay
Cause i got more moneys, okay
Thats why they call me Don Fransisco
I got all the moneys
They say "Chingo, how much for a verse, i want you on
my cd"
You know what, stop
Too much,
12 thousand 4 hundred and 55 thousand U.S. dollars
Not pesos pendejo
