She cant hide no matter how hard she tries
her secret disguise behind the lies
and at night she cries away her pride
with eyes shut tight and starin at her inside
all her firends know why she cant sleep at night
and all her family asks her if she's alright
all she wants to do is get away of this hell
well all she got to do is stop kiddin herself
she can only fool herself for so long
she can only fool heself for so long
(im too weak to face me) she can only fool herself

Chorse

i never know, just why you run, so far away
far away from me
i never know, just why you run
so far away far away from me

when it comes to how to live his life he cant be told
he says hes got it all under control
thinks he knows its not a problem hes stuck with
but in reality itd be a problem to just quit
an addict that cant hold the rage
his pain is worse cuz his friends have it the same
tries to slow down the problem hes got
but can get off the carasel until he makes it stop
he can only fool himself for so long
he can only fool himself for so long
he can only fool himself for so long
(im to weak to face me)He can only fool himself

i never know, jus why you run, so far away
far away from me
i never know, jus why you run
so far away far away from me

i never know, jus why you run, so far away
far away from me
i never know, jus why you run
so far away far away from me

i never know, jus why you run, so far away
far away from me
i never know, jus why you run
so far away far away from me
