[Chorus: repeat 2X]

I talk how I talk when I talk cause I been there  
I walk how I walk when I walk cause I been there  
On your own sleepin in the park yeah I been there  
How we really gonna survive? Let us begin there

[KRS-One]

I'm talkin to the little you but, there is a bigger you  
The bigger you is spiritual, little you that is physical  
KRS is givin you, somethin more than I get with you  
I'm hittin you, splittin you, rippin you down with me  
You busted that metaphysical rap, at the pinnacle I'm at  
I'm down here just to deal witchu cats  
I never bleep you, I just remind you that they don't  
need you  
They gonna keep you for as long as they can eat you  
But that mic you speak through goes from here to  
Mogadishu  
And how you represent US is the issue  
I'm not here to diss you, or dismiss you  
But at any moment we can be hit with missiles

[Chorus]

[KRS-One]

How many MC's must get dissed  
How many young men must get frisked  
How much ice can really go on one wrist  
How many shots get fired at a target and just miss  
We gonna live like this?  
I walk the same path that Ma\$e do  
But he went in the church, I stayed out to face you  
The difference between us is not just man to man  
But in fact it's fan to fan  
People that buy KRS-One goin places  
People that buy your shit, they catchin cases  
My people eat, your people cheat  
Such is the words you speak and you reap  
You can pop that shit if you like  
But people that buy KRS-One, they lookin for the light  
Like NYCE, Jada, Lizzard, B.C.

Harold, Symone, Server yo man see me

[Chorus]
