When you were standing in the wake of devastation
When you were waiting on the edge of the unknown
And with the cataclysm raining down
Your insides crying, "Save me now"
You were there, impossibly alone.

Do you feel cold and lost in desperation?
You build up hope, but failures all you've known.
Remember all the sadness and frustration
And let it go.
Let it go.

And in a burst of light that blinded every angel
As if the sky had blown the heavens into stars
You felt the gravity of tempered grace
Falling into empty space
With no one there to catch you in their arms.

Do you feel cold and lost in desperation?
You build up hope, but failures all you've known.
Remember all the sadness and frustration
And let it go.
Let it go.

(Instrumental Break)

Do you feel cold and lost in desperation?
You build up hope, but failures all you've known.
Remember all the sadness and frustration
And let it go.
Let it go.

Let it go.
Let it go.
Let it go.
Let it go.

Do you feel cold and lost in desperation?
You build up hope, but failures all you've known.
Remember all the sadness and frustration
And let it go.
Let it go.
