Watch them flee  
Watch them flee  
Watch them flee  
Hip-Hop hits  
And you do it like this

It's going down  
The rhythm projects 'round the next sound  
Reflects the complex hybrid dialect now  
Detect the mesh of many elements compressed down  
The melting pot of a super-futuresque style  
The combination of a vocal caress  
With lungs that gasp for breath  
From emotional stress  
With special effects and a distorted collage  
Carefully lodged between beats of rhythmic barrage

It's going down  
A logical progression on the timeline  
The separation narrowed down to a fine line  
To blur the edges so they blend together properly  
Take you on an audible odyssey now

Put it out for the world to see  
LP and the X-Men to the 10th degree (It's goin' down)  
Nobody in the world is safe (It's goin' down)  
When we melt down the wax in your record crate (It's goin' down)

Put it out for the world to see  
LP and the X-Men to the 10th degree (It's goin' down)  
Nobody in the world is safe  
When we melt down the wax in your record crate (It's goin' down)

It's going down  
Once again it is  
Composed sentences all together venomous  
The four elements of natural force  
Projected daily through the sound of the source  
Everybody on board with this blend

The sword with the pen  
The mightiest is the weapons  
Swinging right from the chin  
The elevate of mental states  
Long gone with the wind  
To defend men for shoddy imitation pretends  
It's going down  
Style assimilation readily  
Trekking through the weaponry  
Of the pure pedigree  
Cleverly seeing through whatever is ahead of me  
Whatever the weather be
