What to I do to ignore them behind me?
Do I follow my instincts blindly?
Do I trust something with my phoniness?
Or do I trust nobody and live in loneliness?
Because I cant hold on when Im stretched somethin
I made the right moves, but Ive lost within
You always must to hurt me in
Youre blind to see I love you
By Yourself!

Pre Chorus:
How do you think?
Ive lost so much
So afraid, Im out of touch,
How do you expect?
I will know what to do
When all I know is what you tell me to!

Chorus:
Once Ive ran to you, Ive ran, now I run from you
This Tainted love you give me, I took it as UNRETURNED
Take my tears and go to hell!
Why, why, why dont you try to love me?
Unreturned Love, love, love
