"No Roads Left"

Standing alone with no direction
How did I fall so far behind?
Why Am I searching for perfection?
Knowing it's something I won't find

In my fear and flaws
I let myself down again
All because

[Chorus]

I run
Till the silence splits me open
I run
Till it puts me underground
Till I have no breath
And no roads left but one

When did I lose my sense of purpose?
Can I regain what's lost inside?
Why do I feel like I deserve this?
Why does my pain look like my pride?
In my fear and flaws
I let myself down again
All because
I let myself down
In my fear and flaws

[Chorus]

I run
Till the silence splits me open
I run
Till it puts me underground
Till I have no breath
And no roads left but one
No roads left but one

In my fear and flaws
I let myself down again
All because

I run
And the silence splits me open

I run
And it puts me underground
But there's no regret
And no roads left to run
