(feat. Mike Shinoda, Stephen Richards)

When I look into your eyes theres nothing there to see
Nothing but my own mistakes staring back at me

Everything has to end
Youll soon find that were out of time left to watch it all
unwind
Everything falls apart
Even the people who never frown eventually break
down
Everything has to end
Youll soon find that were out of time left to watch in all
unwind
Everything falls apart
Even the people who never frown eventually break
down

Ive lied to you
This is the last smile that Ill fake for the sake of being
with you
Everything falls apart even
Even the people who never frown eventually break
down
Everything has to end
Youll soon find were out of time left to watch it all
unwind
The sake of being with you
Everything falls apart
Even the people who never frown eventually break
down
The sacrifice is never knowing

Why I stayed with you
When you just push away
No matter what you see
Youre still so blind to me

Even the people who never frown eventually break
down

Ive tried, like you, to do everything you wanted to

This is the last time
That Ill take the blame for the sake of being with you
Everything falls apart
Even the people who never frown eventually break
down
The sacrifice of hiding in a lie
Everything has to end
Youll soon find were out of time left to watch it all
unwind
The sacrifice is never knowing

Why I stay with you
When you just push away
No matter what you see
Youre still so blind to me

Reverse psychology is failing miserably
Its so hard to be left all alone
Telling you is the only chance for me
There is nothing left but to turn and face you
