When I look into your eyes theres nothing there to see  
Nothing but my own mistakes staring back at me

Everything has to end  
Youll soon find that were out of time left to watch it all  
unwind  
Everything falls apart  
Even the people who never frown eventually break  
down  
Everything has to end  
Youll soon find were out of time left to watch in all  
unwind  
Everything falls apart  
Even the people who never frown eventually break  
down

Ive lied to you  
This is the last smile that Ill fake for the sake of being  
with you  
Everything falls apart even  
Even the people who never frown eventually break  
down  
Everything has to end  
Youll soon find were out of time left to watch it all  
unwind  
The sake of being with you  
Everything falls apart  
Even the people who never frown eventually break  
down  
The sacrifice is never knowing

Why I stayed with you  
Just push away  
No matter what you see  
Youre still so blind to me

Even the people who never frown eventually break  
down

Ive tried, like you, to do everything you wanted to  
This is the last time

That Ill take the blame for the sake of being with you  
Everything falls apart  
Even the people who never frown eventually break  
down  
The sacrifice of hiding in a lie  
Everything has to end  
Youll soon find were out of time left to watch it all  
unwind  
The sacrifice is never knowing

Why I stay with you  
Just push away  
No matter what you see  
Youre still so blind to me

Reverse psychology is failing miserably  
Its so hard to be left all alone  
Telling you is the only chance for me  
There is nothing left but to turn and face you  
When I look into your eyes theres nothing there to see  
Nothing but my own mistakes staring
