Hey, Mike, what's up?

This is Roc, just asking you what's happening?

I was just touching base, seeing how your Easter went

Um, just seeing if you're going to see Joe  
sometime soon, too,

because he's got my keyboard that  
I've been trying to get back

I've been trying to call him and he  
hasn't been returning any messages

so I'm seeing what the best angle is to, you  
know, get it back
