People turn around, people let you down
Anywhere you go, anywhen you see
It's real
It's up to you to make it happen
It's up to you to make it real

And you know how it feels
To beat some
To need some
And you know how it feels
To beat some
To need some

Tell me what you know
Tell me how you feel
It doesn't matter when you're down
When you look at me with your eyes
That smile on your face it seems happy
Are you happy?

And you know how it feels

To beat some
To need some
And you know how it feels
To beat some
To need some

Yeah Yeah

And you know how it feels
To beat some
To need some
And you know how it feels
To beat some
To need some
