(It starts with)

One, it multiplies till you can taste the sun,  
and burn by the sky, you try to take it from  
but if it falls, there's no place to run  
crumbling down, it's (so unreal)

they're dealing you in to the term and your end,  
and sending you back again, to places you've been  
and bending your will, till it breaks you within  
and still, they (fill their eyes)

with the twilight, through the skylight  
end the highlights on a frame of steel  
see the brightness, of your likeness, as I write this  
on a path through (the way I feel)

hear the screaming, am I dreaming, as it's seeming  
that you've played your part  
like you're heartless, take apart this  
in the darkness, but I know that

[chorus]

I've tried so hard  
and got so far  
but in the end  
it doesn't even matter  
I had to fall  
to lose it all  
but in the end  
it doesn't even matter

I broke down line once there is not what ought to be  
held back by the battles they fought for me  
calling me to be part of their property  
and now I see that I (get no chance)

I get no breaks, fakes and snakes, quickly lead to  
mistakes  
and now the tightrope within, slowly starts to thin  
I could only hope that they (close their eyes)

with the twilight, through the skylight,  
end the highlights, on a frame of steel  
see the brightness, of your likeness, as I write this  
on a path through (the way I feel)

hear the screaming, am I dreaming, as it's seeming  
that you've played your part  
like you're heartless, take apart this, in the darkness  
but I know that

[chorus]

{I put my trust in you  
pushed as far as I can go  
for all this  
there's only one thing you should know}x3

[chorus]
