“There’s a time when the operation of the machine becomes so odious, makes you so sick at heart, that you can’t take part; you can’t even passively take part, and you’ve got to put your bodies upon the gears and upon the wheels, upon the levers, upon all the apparatus, and you’ve got to make it stop. And you’ve got to indicate to the people who run it, to the people who own it, that unless you’re free, the machine will be prevented from working at all” -Mario Savio

To save face / how low can you go  
Talk a lot of game but yet you don’t know  
Static on the way / make us all say whoa  
The people up top push the people down low  
Get down  
And obey every word  
Steady getting mine if you haven’t yet heard  
Wanna take what I got / don’t be absurd  
Don’t fight the power / nobody gets hurt  
If you haven’t heard yet then I’m letting you know  
There ain’t shit we don’t run when the guns unload  
And no one make a move unless my people say so  
Got everything outta control  
Now everybody go

Steel unload / final blow

We the animals take control  
Hear us now / clear and true  
Wretches and kings we come for you

So keep pace / how slow can you go  
Talk a lot of shit and yet you don’t know  
Fire on the way / make you all say whoa  
The people up top and the people down low  
Get down  
And I’m running it like that  
The front of the attack is exactly where I’m at  
Somewhere in between the kick and the hi hat  
The pen and the contract

The pitch and the contact  
So get with the combat / IÂ'm letting Â'em know  
There ainÂ't shit you can say to make me back down no  
So / push the button let the whole thing blow  
Spinning everything outta control  
Now everybody go

Steel unload / final blow  
We the animals take control  
Hear us now / clear and true  
Wretches and kings we come for you  
Steel unload / fire blow  
Filthy animals / beat them low  
Skin and bone / black and blue  
No more this sun shall beat onto you

From the front to the back and the side to side  
If you fear what I feel put Â'em up real high
