I've seen you sneaking round to Mary's house  
And since she's a friend of mine  
It tends to make me feel a little bit depressed (a little worse).

I think it's very nice we share a common bond  
But why can't it be something else  
Like book or stamps or maybe Chinese food (like Chinese food).

You know I know, of course I know you know, I'll expose you.  
You know I know, of course I know you know, I'll expose you.  
You know I know, of course I know you know, I'll expose you.  
Yeah I will expose you.

I feel it is my duty to be honest to hold nothing back.  
I could pretend that I don't see what's going on but that's a lie  
(And I don't lie).  
I have come to one's sense, I know this won't be the last time.  
Apologies don't matter, I just talk and bid you fond adieu  
(A fond adieu).

You know I know, of course I know you know, I'll expose you.  
You know I know, of course I know you know, I'll expose you.  
You know I know, of course I know you know, I'll expose you.  
Yeah I will expose you.  
You know I know, of course I know you know, I'll expose you.  
You know I know, of course I know you know, I'll expose you.  
You know I know, of course I know you know, I'll expose you.  
Yeah I will expose you.
