"Kiss You"

I'd wake up, and make love to you if i had you

I would touch you so much, but I'm not allowed to

What I hate is to wait, but in this case I'm patient

I'm discreet, I'm not weak, I just need the moment
He wants me, he wants me not

I want everything he's got
Refren: If I leaned over and tried to kiss you

Would I be wrong, after so long to kiss you

Would you pretend, we're only friends, if I kissed you

At least I can dream of you in a scene, when I'd kiss
you
On one hand, we are friends, but still my mind wanders

Through side streets and alleys, I just keep growing
fonder

He wants me, he wants me not

I want everything he's got
Refren: If I leaned over and tried to kiss you

Would I be wrong, after so long to kiss you

Would you pretend, we're only friends, if I kissed you

At least I can dream of you in a scene, when I'd kiss
you

He wants me, he wants me not

I want everything he's got

He wants me, he wants me not

I want everything he's got

To stop me is not easy, can't stop a lion from hunting

I'm focused, I won't miss, there's no control of some things

Refren: If I leaned over and tried to kiss you

Would I be wrong, after so long to kiss you

Would you pretend, we're only friends, if I kissed you

At least I can dream of you in a scene, when I'd kiss you

UUUUUUUUuuuu.....when I'd kiss you,i'll
kiss u.....
