Self Control!

People have a choice in life

Free from any addiction truly is a noble strive

This is a free world, I know and I do accept

But committing crimes in order to score, now what do
you expect?

This is a free world, I know and I do accept

But committing crimes in order to score, now what do
you expect?

Pity? Pity?

[Chorus:]

Clear head, Clear Mind!

In order to be Free

Clear Head, Clear Mind

I take that liberty!

Self Control!

High on Crack, joining gangs seems cool

Seems to be standard, even at school

But a dirty needle in my veins surely not my way

As I hope to live yet, yet another day

But a dirty needle in my veins surely not my way

As I hope to live yet, yet Another Day!

Yet Another Day! Yet Another Day!

I take that liberty!

Sniff your coke, swallow your pills

On your constant search for cheap thrills

But bear in mind not, not to bother me

As I do not relate and feel No sympathy

But bear in mind not, not to bother me

As I do not relate and feel No sympathy

No Sympathy! No Sympathy!

[Chorus:]

Clear head, Clear Mind!

In order to be Free

Clear Head, Clear Mind

I take that liberty!
