Your eyes have more power than vampires
You bit my mouth and then left me
On the floor shivering and aching for more

Your smile is more dangerous than reptiles
You shot your poison in my skin
And now I can't get you out of my mind

[Chorus:]

Help me babe, I got a hole in my heart
My head is spinning I feel so high
Release me darling from this pain in my side
And please, freeze my senses with your kiss

Your lips more addictive than sugar sticks
Make me dizzy and so light I could fly
I think my brain has melted down

[Chorus]

So there, now that you know
That I care for you, yeah
Be fair cos I'm a fool in despair
And you got your hands round my neck

[Chorus 2x]
