Forever and ever and ever..forever girl

Don't know why we had a argument  
All I know is that my baby left  
Now Im looking at her photograph  
Thinking about all the time we spend  
And I cant even be can you stop  
You are not here that tears me apart  
But you gotta know that I need you  
Girl I dont know else to go too (Girl Im lost and dont  
know else to go too)  
I need you babe

Girl I missing you  
Need you in my life  
Cuz i finally be love  
For a long time  
Even if youre gone  
Youll be on my mind  
Forever and ever and ever..forever girl

I dont wanna hate yall no more  
Tell me why Im go fore  
If you been in love (promise that)  
And I dont wanna see you with another man  
This is crazy  
All you gotta do is come back
