You held my hand and then you slipped away  
And I may never see your face again  
So tell me how to fill this emptiness inside  
Without love, what is life?

And anyone who knew us both can see  
We always were the better part of me  
Never wanted to be this free  
And all this pain, when does it go away?

Then every time I turn around  
And you're nowhere to be found, I know

I got a long long way to go  
Before I can say goodbye to you  
Oh, I gotta long long way I know  
Before I can say goodbye to all I ever knew, oh to you

From memory there is no hiding place  
Turn on the TV and I see you there  
In every crowd there's always someone with your face  
Everywhere, trying not to care

Then every time I turn around, oh  
And you're nowhere to be found I know

I got a long way to go  
Before I can say goodbye, oh to you  
Oh, I gotta long way I know  
Before I can say goodbye to all I ever knew oh

To you I wish you everything  
And all the best that life can bring  
I only hope you think of me sometimes

Oh, and even though I feel the pain  
I know that I will love again  
The time will come, oh and I'll move on

I got a long long way to go  
Before I can say goodbye to you  
Oh, I gotta long long way I know

Before I can say goodbye to all I ever knew

I got a long long way to go  
Before I can say goodbye to you  
Oh, I gotta long long way I know  
Before I can say goodbye to all I ever knew
