Gonna tell you a story  
'Bout a love and all its glory  
Every word I say is true  
Every word is meant for you

As I look across the table  
In your eyes I see forever  
Girl there's no one else but you  
No one else will ever do

I'm, I'm  
I'm still in love with you

Got my heart so full of laughter  
I finally found what I was after  
Caught an angel flying low  
Now there's one thing you should know

I've been lost and I've been lonely  
Till I found you, one and only  
You're every song I wanna sing  
My joy, my everything

I'm, I'm, I'm, I'm  
I'm still in love with you

I want you to know just how I feel  
Now that my search for love is over  
It would be alone in life without you

As the years keep getting longer  
It only makes my love grow stronger  
I just can't go another day  
Until I can hear you say

I'm, I'm, I'm, I'm  
I'm still in love with you
