Tonight, if you're ready, it's time
Tonight we can make it feel so good tonight

You say you're ready to be mine
This could be the right time
Got this feeling deep inside
And what I'm feeling, I just can't hide

So tell me, "Are you looking for the time of your life?
Let me know if you're ready to go
There'll be no hesitation, what feels right is right
It's all up to you, what are you going to do?"

Tonight, if you're ready it's time
I can feel it in the air tonight
Tonight we can make it feel so good tonight

Get lost in the magic, lose control
Free your body, ooh let's go
Feel the fire, it's burning hot
Feel the fire, just can't stop

Tell me, "Are you looking for the time of your life
Let me know if you're ready to go
Take my hand and follow me
There'll be no hesitation, what feels right is right
Everything will be fine, just put your hand in mine"

Tonight, if you're ready it's time
I know what we can do, girl
Tonight, we can make it feel so good tonight
Good all night girl

Tonight, stay with me, baby please
If you're ready it's time, if you're ready girl
Tonight we can make it feel so good tonight

The clock is ticking, girl decide
If you're ready, let's ride
If you follow what's on my mind
A night of passion is what you'll find

Tell me are you looking for the time of your life
Let me know if you're ready to go
I need to know
I need to know
There'll be no hesitation, what feels right is right
Girl, it's all up to you, what are you going to do

Tonight, if you're ready it's time
It's all right
It's all right
Tonight, we can make it feel so good tonight
I can make it feel so right
I can make it feel so right

Tonight, if you're ready it's time
Tonight, we can make it feel so good tonight
Tonight, if you're ready it's time
Tonight, we can make it feel so good tonight
Tonight, if you're ready it's time
Tonight, we can make it feel so good tonight
