Wake up to sounds of cars at dawn  
Another tell-tale sign the simple days are gone  
Rush-hour, all the people drive  
And think of how its been so long since they felt alive  
Punch in  
Same time everyday  
You start to wonder if it's always been this way  
Is there anyone here who would like to escape?  
Small talk, nobody really cares  
It's kind of obvious by the lifeless stares  
Break time, but it's not enough  
They spend to whole time thinking about how they feel  
so rushed  
Punch in  
Same time everyday  
They start to wonder if it's always been this way  
Is there anyone here who would like to escape?  
Escape from the ordinary  
Do something that is just for you  
Do something you have always wanted to do  
Get away  
Go somewhere warm  
Just take one minute  
One hour  
One day of your life  
And do it just for you...  
Skyline dropping everyday  
You know it can't be right no matter what they say  
Conflict just rages on  
And it probably will till I'm dead and gone  
Punch in  
Same time everyday  
They start to wonder if it's always been this way  
Is there anyone here who would like to escape?
