This war will tear apart the sky
Letting through the light
And we will survive
And we'll sing.

Marching onward,
We're singing for our freedom.
La la la la la la la la
La*

We the people
Are gathering to say that
Here on this day
We're taking,
Taking what's rightfully ours.

This war will tear apart the sky
Letting through the light
And we will survive.

You are the ruler of lies.
I see it in your eyes.
They're the window to your soul.
And we all know
This is our last chance to overthrow
The king and all his men
So we can see the light again.

This war will tear apart the sky.
Letting through the light
And we will survive
And we'll sing.

Marching onward,
We're singing for our freedom.
La la la la la la la la

Oh, what
Gave you the power
To take the love from the women?

Oh, what

Gave you the power
To take the laughter from the children?

You can't blame them.
They're just doing what they think is right!
No, you can't blame them.
They're just doing what they think is right!

Oh!
This has become impossible!
Impossible!
This has become impossible!
Impossible!

Impossible...

This war will tear apart the sky
Letting through the light
And we will survive
And we'll sing.

Marching onward,
We're singing for our freedom.
La la la la la la la
La
